SHAFTESBURYS

BLINDS // SHUTTERS

Shafteburys is one of the largest retailers of interior shutters and blinds, offering options for every look/budget. Available in many different designs and finishes, our shutters and blinds are custom-made for windows and doors of any design and are available online or through our showrooms. You can choose to either fit yourself or avail of our expert measuring and installation service.

Call into one of our showrooms or visit www.shafteburys.co.uk for more details on the options available.

interior plantation **shutters**

Our shutters have a unique style that will integrate well with both contemporary and traditional homes, all at affordable prices.

Our shutters come in four different material and cost options, are made exceptionally well, finished with a long lasting UV resistant coating and guaranteed for three years.

the **vancouver** shutter range

▶ Cedar shutters are generally acknowledged as the best wooden shutters there are and ours are no exception, although considerably lower priced than many others. The “oiled” finish option provides the most natural appearance of any shutter available and is the natural choice for barns and warehouse conversions.

◀ Seven standard white shades and seventeen stunning rich stains make this range one of our best sellers. Phoenix is a very special timber, but has the added advantage of being a very light hardwood, ideally suited for shutter use.

the **phoenix** shutter range

the **portland** shutter range

◀ Made from yellow poplar whose smooth and consistent grain make it a very robust and high quality hardwood, with an engineered core to prevent any possibility of warping. Portland Shutters come in an assortment of attractive paints and stains. They are well suited to areas where extra durability is required either around the home or for commercial premises.

▶ A very low priced plantation shutter, constructed from an LVL core, MDF outer body and polymer coated in a choice of three extremely durable white finishes. Maintenance free and very strong, with a wipe clean surface, it is impervious to kids with crayons and equally at home in the minimalist bachelor apartment.

the **seattle** shutter range

solid shutters

Used extensively over the last hundred years in the UK, solid shutters offer near blackout whilst also giving you complete insulation from noise. Used a lot for folding or concertina tracked partitions, solid shutters make superior quality, light folding doors. Available in Phoenix, Vancouver and Portland ranges.

Interior shutters with adjustable louvres can be designed in many different styles, including full height, tier on tier or café style and come in a large range of louver sizes and shapes.

louvred shutters

perfect tilt **remote controlled** motorised shutters

◀ As leading plantation shutter innovators, we are delighted to introduce a new Remote Controlled Motorised Shutter on all our wood shutter ranges, which can also be incorporated into special shaped shutters. The shutter motor's virtually silent and smooth operation will endear them to those seeking a practical variable shading solution for conservatory roofs and other hard to reach openings. The infra red remote offers the choice of 8 tilt positions. It has 3 beam widths, to control panel operation. The louvres can be operated manually when not using the remote.

blinds, blinds and more blinds

Shaftesburys has a range of blinds to suit every application in your home and match the décor in any room.

We have wooden venetian blinds, roman, roller or vertical blinds and aluminium venetian blinds. All very different, but all made to the same high standard and to match any colour scheme.

phoenix shutter blinds

◀ Made to measure 63mm Phoenix Shutter Blinds. Choose from a wide array of the latest and most popular paints and stains, matching our Phoenix Wood Shutters. Or why not opt for our custom colour matching service, and choose any Dulux or Farrow & Ball shade to compliment virtually any shade of room. We offer more features, colours, tapes and trims than anyone else, creating made to measure blinds that are brimming with character!

Beautifully crafted in non-endangered ▶ basswood. Lumberjack Wooden Venetian Blinds are available in 50mm slat width, giving you a much neater stacking height when raised. Choose from eight attractive colours including Silky White and Oyster Bisque to match our very popular shutter ranges.

lumberjack venetian blinds

roman blinds

Add a warm, inviting touch to your home with our Roman Blinds range, which promise to give your home a unique look. When you compare feature for feature, our Roman Blinds are simply the finest you'll find. >

< Roller Blinds are a great choice to add colour, texture and style to any room or décor, easily and economically. Choose from a wide range of contemporary roller blind fabric, available in light filtering or room darkening fabrics.

roller blinds

vertical blinds

◀ Create a clean, contemporary look with Vertical Blinds, easily control light and privacy with light filtering or room dimming vanes. Ideal for sliding glass doors and large windows.

Custom-made Aluminium Blinds offer a sleek, elegant look. Privacy, affordability and style are some of the key benefits of featuring Aluminium Blinds in your home. ▶
